## **Ponderings by Pastor Molly**

Dear Prince of Peace beloved,

Yesterday, I left my cottage in Canada. I won't be able to be up there for another year, which makes me very sad. On the long drive home, I reflected on why I love it so much. Of course, it is one of the most beautiful sites in the world - with a sparkling lake, towering pines, swooping eagles and abundant fish. But there is so much more than the site itself.

One of the things that makes it so special is the strengthening of relationships between us: grandparents, kids, cousins and grandkids. Five generations in my family have come to this lake. Being together and sharing the "north woods" experience not only helps us to know one another, but also strengthens the bonds of love.

Jesus commanded his disciples to love one another and even said the love they shared would shape their identity (John 13:34). To him, being together – living and learning – were essentials in building his church, for generations to come.

One of the things we're learning through surveys and focus groups about Prince of Peace is the strong fellowship between its members. Again and again, folks say that there is a sense of loving connection. There is grieving when people leave and a deep desire to invite new people into fellowship.

In the weeks ahead, as the Mission Exploration process is being completed, there will be several opportunities to gather in fellowship: ice cream socials, campfire worship, and Rally Sunday. All these events continue to strengthen bonds of love and shape our identity as Jesus' loving people.

Pastor Molly

I give you a new commandment, that you love one another. Just as I have loved you, you also should love one another. By this everyone will know that you are my disciples, if you have love for one another.'

John 13:34-35
